

NEXUS 3300(M)

AUTOMATIC BRINELL HARDNESS TESTER

NEXUS 3300-3400M

The NEXUS 3300-3400 has a fully enclosed body. Dust proof. Can either be accommodated with a manual spindle for semi-automatic testing or with a motorized spindle (the M-model) for fully automatic testing.

The standard included Brinell Indent Optical Scanner (BIOS) can be used on large or small components. One push on the button of the BIOS generates a crisp high definition image of the indent on the large full color touch screen. Automatic measurement provides instant Brinell readings.

The rock solid frame structure, covered with ABS shock absorbers, can withstand the harshest environment.

HIGHLIGHTS :

SCALES	Brinell.
TEST FORCES	62.5kgf-3000kgf.
MICROSCOPE	BIOS Brinell Indent Optical Scanner.
LOAD APP. SYSTEM	Fully automatic, Load cell, closed loop, force feedback.
CONTROL	Fully integrated Windows Controller, SSD hard disk, Windows 10 operated, IMPRESSIONS™ advanced workflow software, includes automatic measurement.
